Mike,

Here is an online link for the 2011 study done by Rowe Engineering that is an analysis of using the Flint River as a permanent water supply.

We may have a copy at our water treatment plant but I am not aware of an electronic version aside from this. We could request additional copies from Rick Freeman if necessary.

Hope this helps, it is the only data I am aware of addressing the Flint River this way.

<http://www.scribd.com/doc/64382181/Analysis-of-the-Flint-River-as-a-Permanent-Water-Supply-for-the-City-of-Flint-July-2011-Appendices-1-to-8>

Thanks,

Mike Brown <mbrown@reinvestflint.org>
